What Does A Meat Grinder Do?

Meat Being Grinded

Beef Patties

Ground Beef

The Meat Grinder is a versatile kitchen appliance that allows you to grind various types of meat effortlessly. With its powerful motor and sharp blades, it can quickly and efficiently grind meat to your desired consistency. Whether you want to make homemade sausages, burgers, or meatloaf, this grinder is perfect for any meat preparation task.

Hobart Meat Grinder

Model: 4822

The Hobart 4822-34 meat chopper is designed for chopping and processing fresh meat, bone-in or boneless, making it ideal for high-volume delis and sandwich shops. This base unit is constructed with durable stainless-steel housing, ensuring longevity and resistance to scratches, suitable for heavy-duty use. With the ability to grind between 12 and 20 pounds of meat per minute, this meat chopper is powered by a robust $1\frac{1}{2}$ -horsepower motor, providing high performance.

The above described parts are manufactured and/or supplied by National Band Saw Company as replacement parts for equipment. National Band Saw is not affiliated with any original equipment or parts manufacturers.
