# Hollymatic Grinder

# Hollymatic 175 & 180A Mixer Grinders

## HIGH QUALITY HIGH PERFORMANCE GROUND MEAT PRODUCTION

Hollymatic, the inventor of the Mixer/Grinder, offers two powerhouse models to further process a variety of meat products: the 175 and 180A Mixer/Grinders. Both units provide high production, superior mixing capabilities and an easy to clean design.

Reduce your risk of cross-species contamination with Hollymatic's quick and easy to clean Mixer/Grinders. The 175 Mixer/Grinder has a 150 pound capacity hopper that tilts or is removable for easy cleaning. The 180A Mixer/Grinder, **now available with stainless steel components throughout**, has a hopper that can hold up to 225 pounds of product and tilts for cleaning ease. With one tool, the mixing paddle, grinding head and feed screw can be removed to sanitize. Both hoppers come equipped with an counter-balanced lid that is safety interlocked.

180A Mixer Grinder

175 Mixer Grinder

The unique, easy to remove figure "8" mixing paddle blends fat to lean faster and easier with the 175 and 180A Mixer/Grinder. The minimum exposed feed screw prevents temperature rise of the product. The result... ground meat that is blended correctly and looks good longer. Both units can be purchased with a 42 or 52 grinding head assembly to fit your production needs.

Hollymatic... the name you should think of first for consistent, high quality and high performance Mixer/Grinders that are built to last.

## What Does A Meat Grinder Do?

### Meat Being Grinded

### Beef Patties

### Ground Beef

The Meat Grinder is a versatile kitchen appliance that allows you to grind various types of meat effortlessly. With its powerful motor and sharp blades, it can quickly and efficiently grind meat to your desired consistency. Whether you want to make homemade sausages, burgers, or meatloaf, this grinder is perfect for any meat preparation task.

# Hollymatic Meat Grinder

Model: 175/180A

Introducing Hollymatic's Mixer/Grinders, designed to minimize the risk of cross-species contamination. These efficient machines offer quick and hassle-free cleaning, ensuring optimal hygiene standards. The **175** Mixer/Grinder features a 150-pound capacity hopper that can be easily tilted or removed for convenient cleaning. For enhanced durability and cleanliness, the **180A** Mixer/Grinder now comes with stainless steel components throughout. Its hopper can accommodate up to 225 pounds of product and also tilts for easy cleaning. With the use of a single tool, the mixing paddle, grinding head, and feed screw can be effortlessly removed for thorough sanitization. Both models are equipped with a counter-balanced lid that is safety interlocked, providing an added layer of protection. Invest in Hollymatic's Mixer/Grinders to streamline your operations while maintaining strict sanitation standards.
